Ⓐ persuasive Ⓑ opinion Ⓒ narrative Ⓓ descriptive

“It was my first day on the new job. I was sitting in a badly-furnished office with three other young men. They started asking me different questions to get as much information as they could. The moment one of them asked me if I had known the General Manager, I felt terribly annoyed and said, ”Please, stop inquiring about my life: let's concentrate on what we are doing”

السؤال 35 – صيغته كالتالي:

Which of the following is part of an argumentative essay on ‘the importance of libraries.’?

Ⓐ Moreover, there are other habits that children could practise as well as playing video games.

Ⓑ On the other hand, being bilingual is a good way to learn more and more about other cultures.

Ⓒ In my opinion, it would be a serious mistake to replace libraries with tablets. First, digital books and resources are associated with less learning and more problems than print resources.

Ⓓ Therefore, it is highly recommended to show our young people how to mix with other cultures, bearing in mind that they must keep their local customs and moral values.
