The importance of inventions

Inventions are very important because they make our life easier and better. I think scientists will invent new headphones, which can translate any languages into your language. I also think they will invent a new machine that can push you into the air at the speed of a fast car. It's half-motorbike and half-helicopter. They will probably invent a new jacket. It uses an app to make you warmer when the weather is cold. There will be new roads that can change roads into solar panels. These roads use strong glass that you can drive on and make electricity at the same time.

Online shopping

Some people think shopping online is great. They think it saves time because they don't spend much time travelling to the shops. They can stay at home and buy anything they want in a few minutes. They think that they have many choices online. In their view, shopping online will make fewer cars on the streets, so there will be less pollution. On the other hand, some people don't like shopping online. They say they always have a wrong delivery when they shop online. They don't like to waste time waiting for a delivery. They prefer to try things and see materials before buying them.

Your favourite snack

Your favourite recipe & food

We like to eat snacks. They are delicious and light. I love hawawshi. It is my favourite snack. I often have it when I get home from school. It is easy to make. First, you need some nice bread. Then you put some meat and vegetables inside the bread. You can put some salt on it, too. I don't like to have any salt because it is not very healthy. Now you cook it in the oven. It is delicious! My mother makes nice hawawshi for me when she has more free time. Hawawshi is healthier when mum makes it at home. Do you have any favourite snacks?

Someone in your family that you are proud of

Subject : Someone in my family that I am proud of

Dear Salah

How are you? How is your family? I write this email to tell you about my family. I live with my parents, a brother and two sisters. My grandparents live with us. I am so proud of my grandfather. He doesn't work now. He was a famous musician in the past. He played the violin. He played in a famous orchestra. Many people know him. They like his music very much. You can see his shows on Youtube. I'd like to know about your family, too. Write to me soon. With my best wishes

The environment

Our natural environment gives us everything that we need. We get air, water, food, and many other things from the environment. We can save the environment by making sure that we take care of the nature. We should save water. Water is very important in our environment, so we should never pollute water. We can recycle many things instead of throwing them away. Trees are good for the environment and help reduce air pollution. We should plant more trees. This will help to improve the size of natural places for animals. We should teach our children to look after the environment.

"A special occasion you are going to"

I am going to a special occasion next week. My friend's sister is getting married next Sunday. He invited me to the wedding. It will be a big party. It will be in a big hotel. Unfortunately, I don't have something new to wear. I want to look smart in the party. I will go to a clothes shop tomorrow. I will buy a jacket. I saw it in its window last week. I will buy a new pair of shoes, too. I like black leather shoes. I think these items will be perfect for this occasion.

Plans for next holiday & A school trip

We are going to go on a school trip. We are going to Ras Mohammed. We are going to meet at the school gates tomorrow morning. The bus is going to leave from the school at 6.30 am. It is returning in five days' time at 12.30 pm on Thursday. We make sure that we have suitable clothes for the swimming and diving trips to the coral reefs on Monday and Tuesday. We will also need good trainers and sunhats for the visit to the mangrove forest on Wednesday. We will take part in the conservation project in the mangrove forest. We will help to plant new trees.

Egyptian linen and cotton

Egypt is famous for growing crops to make material. The Ancient Egyptians grew plants by the Nile to make linen. They used it to make clothes. Today, Egyptian cotton is famous all over the world because it is very good. The climate and soil in Egypt are perfect for growing cotton. It is often used to make luxury clothes and things for homes. There are a lot of people working in the cotton industry. They still use water from the Nile for the crops. Cotton uses a lot of water and chemicals to grow. However, the government is trying to help farmers to protect the environment and use less water.

Healthy food & Healthy diet

If you want to be healthy, you should be careful about what you eat. Not all kinds of foods are healthy. Fast food isn't healthy food as it has a lot of sugar, fat and salt. Fruits and vegetables are very healthy food. They have a lot of vitamins and natural sugar which are good for your body. Dairy products like milk and cheese are very useful. They help us to have strong bones. Meat and nuts have protein in them, so we need them to have a strong body. To conclude, we should have healthy diet to live longer and healthier.

The dangers of technology & Problems with technology

Technology has made our life easier and better. Although it's hard to live without modern technology, it can be bad for your health. Many people text, check social media or watch videos online late into the night. Then they don't get enough sleep. If you spend a lot of time on screens, you can have eye problems and headaches.

Listening to loud music or films through headphones can damage your hearing. Many people spend hours playing video games or watching TV. They don't spend enough time outside doing exercise. If you don't become addicted to technology, you will be fine.

Difficulties that disabled people have

We see disabled people around us. There are blind people who can't see. There are deaf people who can't hear. There are some people who can't walk. They are useful to our country. Some of them do important jobs. Try to help disabled people. Do not leave bags on the floor on public means of transport. Tell a blind person about objects on the street. Shout at a person if you think they can't hear you. Ask a person in a wheelchair if they need help. We should all treat them as normal people like us.

A review of a museum/a visit to the museum

Egypt has many famous and interesting museums. There are new and ancient museums in Egypt, but I prefer the ancient ones. I visited the Textile Museum in Cairo. I liked it very much. You can see many arts there. The museum has lots of clothes from different times in history. I thought the clothes from Ancient Egypt were fantastic. You can know a lot of information about life in the past from the statues there. My favourite thing was the Islamic area where you can see different kinds of calligraphy. If you want to take photos, it is a good idea to take a good camera, because the museum is quite dark.

The importance of inventions

Inventions are very important because they make our life easier and better. I think scientists will invent new headphones, which can translate any languages into your language. I also think they will invent a new machine that can push you into the air at the speed of a fast car. It's half-motorbike and half-helicopter. They will probably invent a new jacket. It uses an app to make you warmer when the weather is cold. There will be new roads that can change roads into solar panels. These roads use strong glass that you can drive on and make electricity at the same time.

Online shopping

Some people think shopping online is great. They think it saves time because they don't spend much time travelling to the shops. They can stay at home and buy anything they want in a few minutes. They think that they have many choices online. In their view, shopping online will make fewer cars on the streets, so there will be less pollution. On the other hand, some people don't like shopping online. They say they always have a wrong delivery when they shop online. They don't like to waste time waiting for a delivery. They prefer to try things and see materials before buying them.

Your favourite snack

Your favourite recipe & food

We like to eat snacks. They are delicious and light. I love hawawshi. It is my favourite snack. I often have it when I get home from school. It is easy to make. First, you need some nice bread. Then you put some meat and vegetables inside the bread. You can put some salt on it, too. I don't like to have any salt because it is not very healthy. Now you cook it in the oven. It is delicious! My mother makes nice hawawshi for me when she has more free time. Hawawshi is healthier when mum makes it at home. Do you have any favourite snacks?

Subject : Someone in my family that I am proud of

Dear Salah

How are you? How is your family? I write this email to tell you about my family. I live with my parents, a brother and two sisters. My grandparents live with us. I am so proud of my grandfather. He doesn't work now. He was a famous musician in the past. He played the violin. He played in a famous orchestra. Many people know him. They like his music very much. You can see his shows on Youtube. I'd like to know about your family, too. Write to me soon. With my best wishes

The environment

Our natural environment gives us everything that we need. We get air, water, food, and many other things from the environment. We can save the environment by making sure that we take care of the nature We should save water. Water is very important in our environment, so we should never pollute water. We can recycle many things instead of throwing them away. Trees are good for the environment and help reduce air pollution. We should plant more trees. This will help to improve the size of natural places for animals. We should teach our children to look after the environment.

"A special occasion you are going to"

I am going to a special occasion next week. My friend's sister is getting married next Sunday. He invited me to the wedding. It will be a big party. It will be in a big hotel. Unfortunately, I don't have something new to wear. I want to .took smart in the party. I wilt go to a clothes shop tomorrow. I will buy a jacket I saw it in its window last week. I will buy a new pair of shoes, too. I like black leather shoes. I think these items will be perfect for this occasion

Plans for next holiday & A school trip

We are going to go on a school trip. We are going to Ras Mohammed. We are going to meet at the school gates tomorrow morning. The bus is going to leave from the school at 6.30 am. It is returning in five days' time at 12.30 pm on Thursday. We make sure that we have suitable clothes for the swimming and diving trips to the coral reefs on Monday and Tuesday. We will also need good trainers and sunhats for the visit to the mangrove forest on Wednesday. We will take part in the conservation project in the mangrove forest. We will help to plant new trees.

Egyptian linen and cotton

Egypt is famous for growing crops to make material. The Ancient Egyptians grew plants by the Nile to make linen. They used it to make clothes. Today, Egyptian cotton is famous all over the world because it is very good. The climate and soil in Egypt are perfect for growing cotton. It is often used to make luxury clothes and things for homes. There area lot of people working in the cotton industry. They still use water from the Nile for the crops. Cotton uses a lot of water and chemicals to grow. However, the government is trying to help farmers to protect the environment and use less water

Healthy food & Healthy diet

If you want to be healthy, you should be careful about what you eat. Not all kinds of foods are healthy. Fast food isn't healthy food as it has a lot of sugar, fat and salt. Fruits and vegetables are very healthy food. They have a lot of vitamins and natural sugar which are good for your body. Dairy products like milk and cheese are very useful. They help us to have strong bones. Meat and nuts have protein in them, so we need them to have a strong body. To conclude, we should have healthy diet to live longer and healthier.

The dangers of technology & Problems with technology

Technology has made our life easier and better. Although it's hard to live without modern technology, it can be bad for your health. Many people text, check social media or watch videos online late into the night. Then they don't get enough sleep. If you spend a lot of time on screens, you can have eye problems and headaches.

Listening to loud music or films through headphones can damage your hearing. Many people spend hours playing video games or watching TV. They don't spend enough time outside doing exercise. If you don't become addicted to technology, you will be fine.

Difficulties that disabled people have

We see disabled people around us. There are blind people who can't see. There are deaf people who can't hear. There are some people who can't walk. They are useful to our country. Some of them do important jobs. Try to help disabled people. Do not leave bags on the floor on public means of transport. Tell a blind person about objects on the street. Shout at a person if you think they can't hear you. Ask a person in a wheelchair if they need help. We should all treat them as normal people like us

A review of a museum/a visit to the museum

Egypt has many famous and interesting museums. There are new and ancient museums in Egypt, but I prefer the ancient ones. I visited the Textile Museum in Cairo. I liked it very much. You can see many arts there. The museum has lots of clothes from different times in history I thought the clothes from Ancient Egypt were fantastic. You can know a lot of information about life in the past from the statues there. My favourite thing was the Islamic area where you can see different kinds of calligraphy. If you want to take photos, it is a good idea to take a good camera, because the museum is quite dark
