

# Connect Six - Paragraphs - 2<sup>nd</sup> Term

## Unit 7

### “ Ancient Egyptian artifacts “

We have so many artifacts. We have a hot, dry climate here in Egypt, so artifacts aren't damaged by cold and wet weather. This helps to preserve them. The Ancient Egyptians also knew that certain materials could last a long time. That's why they built the Pyramids with granite.

### “Ancient Egyptians' favorite pets”

The Ancient Egyptians loved animals and kept many as pets. They particularly adored cats. There was a cat in almost every house. They believed that cats looked after them and kept them safe. They were good pets because they cleaned themselves and kept the houses free of pests like rats and snakes.

### “Trade in Ancient Egypt”

The Ancient Egyptians traded with other countries, and metal was one thing they traded. They first found metal in rocks. They could melt and form it into different shapes. They made tools and weapons using metal. Gold was a popular metal for making jewelry. Silver was also used. Trade with other countries helped the Ancient Egyptian economy to develop.

### “Materials in Ancient Egypt”

The Ancient Egyptians knew that certain materials could last a long time. That's why they built the Pyramids with granite, a very hard and durable stone. They also used a lot of glass, which lasts forever. They also used clay, which is found close to the River Nile, to make pots. They liked to use gold not only because it is valuable, but it is also very durable.

## Unit 8

### "Toys and games"

I found a box of my old toys at my grandma's house. There was a skateboard. I loved playing with it. I could go really fast after a while! I found my old rollerblades, though. There was an action figure, too. I loved looking at my old toys again.

### "My favorite games"

**From:** eyad@gmail.com

**To :** amr@gmail.com

**Subject:** My favorite games

Dear Amr,

How are things? I want to tell you about my favorite games. When I was little, I really liked games that used a lot of imagination. I was very good at making up stories. I had some cuddly toys. What about you?

Yours,

Eyad

### "Pros and cons of video games"

Video games are a favorite thing for many children. They can be a problem when you play them too much. However, I think they can be great when you do something that is very creative or exciting. You can often play with your friends, too. You can play adventure games. You can find something or solve a problem. It can be fun.

## Unit 9

### “A favorite story”

I read a story of one of Goha's stories yesterday. The story is about a man who goes to the market with his son and a donkey. The setting is the countryside, many years ago. Two of the characters - the man and his son - take turns riding the donkey, because it's a long journey. When the boy rides the donkey, the people they pass say he should let his father ride. When the man rides the donkey, they say he should let his son have a turn. Then, they say the donkey must be tired. In the ending of the story, they both carry the donkey.

### “A day on the beach”

The beach near our house was quiet and beautiful. I loved to go there with my parents. We swam, surfed, and played games on the sand. One day, we were swimming when I saw a glass bottle in the water. "Look, dad," I said. "Let's put it in the trash." "I have a better idea," said dad. "Let's write a message in a bottle". "That's fun," I said. I wrote the message. The next day, I threw it into the sea.

### “My favorite things”

**From :** redadoda@gmail.com

**To:** hanaahmed@gmail.com

**Subject:** My favorite things

**Dear** Hanaa,

How are things? I was happy when I read your last email. I enjoyed reading about your favorite things. My favorite things are my skateboard, strawberries, and the color yellow.

With best wishes,

Reda

## Unit 10

### “Eco-tourism”

Tourism is important but eco-tourism is becoming very popular, too. Eco-tourism is a way of traveling that doesn't damage the environment. It's more sustainable than traditional tourism, and it is designed to protect nature. People stay in simple accommodation, not large hotels. They mustn't travel in ways that cause lots of pollution.

### “Migrating birds”

**From :** omar@gmail.com

**To :** hany@gmail.com

**Subject:** migrating birds

**Dear** Hany,

How are you? I hope you are fine. I learned today about bird migration in science class. Many birds migrate to and from Egypt, and across it, because of where it is in the world. They migrate to find warmer weather. Some birds fly very long distances, making the same journey year after year. They might use the sun, the stars, or the things they can see on the way to know where they go. I enjoyed this lesson.

With best wishes,

Omar

### “The Ras Mohammed National Park”

The Ras Mohammed National Park on the Red Sea is a fantastic area for locals and tourists to visit. This beautiful area on the Sinai Peninsula is famous for its sea life, warm water, and amazing weather. People come from all over the world to snorkel and scuba dive here.

## Unit 11

### “Helping the community”

At school, we started a project called Community Help. We all had to choose something we could do to support other people or things in our community. There were lots of ideas. For example, some people wanted to start a vegetable garden in the school to grow fresh fruit and vegetables. That was really popular. Other people volunteered to help clean trash from the river, so that animals' habitats are safer.

### “Volunteering”

You learn many important life skills when you volunteer. You learn how to socialize and talk to people you wouldn't usually meet. Volunteering also gives you confidence. It's amazing to see how teenagers grow in confidence when they start volunteering. Fundraising helps charities get the money they need. It's good to give back to the place where you live.

### “How to be a good citizen”

You should respect others. Be polite and kind to your neighbors. Help people who are old or sick. You should protect the environment, too. Reduce waste. Don't use plastic bags or plastic bottles. You must help the community. Volunteer at a local charity event. Let's all be good citizens and make the world a better place.
