It is well known that modern technology like computers and smart mobile phones have become part of everyday life. It is common to see that a lot of people are busy using the mobile phones to do the shopping online, as it saves time and gives them more choices. Also, many people spend hours playing games or watching TV and don't spend enough time doing exercise and that's one of the dangers of technology. Although modern technology has made life easier and more comfortable, it has bad effects on our lives. Computer addiction can also cause health problems such as bad eye-sight and becoming fat. So, if you aren't addicted to technology, you'll be fine and if you use technology well, it should help you become more healthy.
