### السؤال السادس (البراجراف)

#### My last weekend

Last weekend, I went to the funfair. I went with my family. We went there by car. My father bought us tickets. There were a lot of interesting games. I rode on the big wheel. I felt afraid, but it was fun. My brother went on a ride. He was really happy. My little sister swam in a small plastic swimming pool. My father and mother went for a walk. We all had a wonderful time. We decided to go there again very soon. We went back home late at night. It was fun.

#### A story you liked

Last week, I read a story called Robinson Crusoe. It was written by Denial Defoe. It was an adventure story. Crusoe was a sailor. His ship sank because there was a terrible storm. Crusoe swam to the nearest island. He found himself alone on the island. He had to eat a dead fish. He looked for a warm place to sleep in. In the end, he found a cave. Crusoe found a coconut on the beach. It was delicious. It was a very interesting story. I enjoyed reading it very much.

#### A terrible day

Yesterday was Sunday. I had a terrible day. I got up at seven thirty in the morning. I got dressed and packed my school bag. I missed the school bus because I was late. I took a taxi to school. I arrived at school very late. My teacher was very angry with me. He asked me for my homework, but I forgot my notebook. I felt really sad. I went back home at three o'clock. My little brother fever. We took him to the hospital • and finally got better. I was worried about him. When we went back home, it was night and couldn't do my homework. What a terrible day!

#### The Tahya Masr Bridge

Egypt is a great country. It has lots of great achievements. We should be proud of that. One of the newest and greatest achievements is the Tahya Masr Bridge. It's the world's widest suspension bridge. It's a great project. More than 4,000 people helped to build it. They started building it in 2014. It opened in May 2019. It is 67.36 metres wide. It is 540 metres long. It crosses the Nile's Warraq Island. Many people enjoy walking across the glass floor of the bridge. The Tahya Misr Bridge is the greatest project in Egypt.

#### The Grand Egyptian Museum (An important building in Egypt)

The Grand Egyptian Museum (GEM) is a great museum It welcomed its first visitors .in 2019. It is only two kilometres from the Pyramids at Giza. It has a lot of space for valuable objects, more people can see them end It is able to Look after the objects really well. One of the most beautiful parts of the museum is the entrance, with its big plants and statues. The biggest statue there is that of Ramses II, which is 12-metres high. I recommend visiting it.

#### an adventure sport

I like adventure sports. There are lots of adventure sports like rock climbing, windsurfing and zip lining. I like mountain biking. I liked it many years ago when my father bought me my first bike. Today, I am going to go mountain biking with my friend. So, I get dressed and phone my best friend. He is the person who I go mountain biking with. We go to a place that is a forest with mountains. After my friend arrives at my house we make sure that all of the equipment is safe on the bike. With water bottles filled ar1d bikes ready to go, we are off. It makes us feel happy

#### Homes in ancient Egypt

The ancient Egyptians lived thousands of years ago. They were clever and invented a lot of things. Their homes were really traditional. The walls of the houses were made of bricks. They were very strong. The doors were made of wood. There weren't any bedrooms. They slept on the roof of their houses because the weather was very hot at night. There was a kitchen in each home. They used to make delicious food. They ate broad beans for breakfast. They painted their homes in white and the doors in red. They were really great.

#### "Sea life"

There are many marine animals in the sea. Some of them have a shell and others have a tail. They can be dangerous to protect themselves. The shark is one of the most dangerous sea animals in the ocean. If it loses a tooth, a new one grows. A sea turtle has a hard shell to protect it. The jellyfish is poisonous. It stings you when you touch it. The octopus has got eight legs to help it. It can swim very fast
