You will find my books and stories in the _____.

Part 2

Read the text and Choose the correct answer

Homes come in different types and are built for different places and people. Two examples are stilt houses and beehive homes.

Stilt houses are often built in hot wet places, like river. They are built on tree trunks, keeping them above water during floods. These houses are made of wood or bamboo, providing a lightweight and sturdy structure.

Beehive homes are found in hot dry places, like those in the Middle East. They are made of mud and dry grass, which provide natural insulation against the heat. The homes are shaped like beehives, with thick walls that help keep the interior cool during the day and warm at night.
