Reading Comprehension (1)

Directions: Read the passage and answer the questions.

Some malls are not very big. But there are a few malls that are so big that they almost seem like cities. One of the biggest malls in the world is the Mall of America near St. Paul, Minnesota. Just how big is the Mall of America? Thirty-two Boeing 747 airplanes could fit inside!

What can you find in the Mall of America? There is a flight simulator, a mirror maze, and miniature golf. The Mall of America has a **huge** aquarium, too. It also has a full-size theme park. There is a large movie theater at the Mall of America, with fourteen screens.

Many people go to malls to shop, and you can certainly shop at the Mall of America. There are more than 520 stores at the mall. They sell everything from clothes and jewelry to groceries. You can even make your own stuffed bear there. If you spent only ten minutes at each store at the Mall of America, it would take you eighty-six hours to get to each one.

The Mall of America is very big, but it is not the largest mall in the world. The largest mall in the world is the Dubai Mall. Dubai is located in the United Arab Emirates. The Dubai Mall has over 1,000 stores. It also has a skating rink and a large movie theater. There is an aquarium, too.

If you're hungry, the Dubai Mall has 150 restaurants. Some are fast-food restaurants, and some are fancy restaurants. There are family restaurants at the mall, too. After you eat, you can shop for anything you might want.

The Dubai Mall is so big that you cannot visit the whole mall in one day. So, there is a hotel connected to the mall. People who want to spend several days visiting the mall can stay at that hotel.

Reading Comprehension (2)

Directions: Read the passage and answer the questions.

Jeff was trying to save up money for a vacation his family was planning to take. He decided to find a summer job. It took several days of thinking. But finally, Jeff thought of an idea. It was a hot, dusty summer, and people's cars would be getting dirty. He would offer to wash cars. The first step in setting up his business was to decide what supplies he would need. He was definitely going to require soap, wax, brushes, buckets, and towels. Jeff's dad gave him permission to use the garden hose if he was careful. By the time Jeff was ready to open for business, he had spent \$25.00. If he charged \$5.00 for each car wash, he would have to wash more than five cars to make money. Jeff and his friends posted signs everywhere in the neighborhood. When people learned about Jeff's business, many came to have their cars washed. In a few weeks, Jeff had earned \$100.00
