

Paragraphs

6

By Mr. Mostafa Awad

A visit to the art gallery

6

I visited the art gallery with my family

زرت المعرض الفني مع عائلتي

I saw a giant sculpture and amazing pictures.

رأيت تمثال منحوت ضخم وصور مذهلة

My mom pointed to a painting and said it was a masterpiece.

أشارت أمي إلى لوحة مرسومة وقالت إنها تحفة فنية

I wished I had my paintbrush and palette.

تمنيت لو كانت معي فرشاة الرسم ولوحة الألوان

I felt inspired by every thing I saw.

شعرت بالإلهام بسبب كل شيء رأيته

Artists

6

Art is everywhere.

الفن موجود في كل مكان

It can be in a museum or on a street wall.

الفن قد يكون في متحف أو على جدار في الشارع.

Artists use their paintbrush and a palette to mix colors .

يستخدم الفنانون فرشاتهم ولوحة الألوان ليخلطوا الألوان.

They can paint or make sculpture.
Great artists can carve wood to make
wonderful sculptures.

يمكنهم ان يرسموا أو يصنعوا منحوتات، الفنانون العظام

يمكنهم ان ينحتوا الخشب ليصنعوا منحوتات رائعة.

Some artworks aren't famous, but others can
be masterpieces .

بعض الأعمال الفنية ليست مشهورة، ولكن
البعض الآخر قد يكون تحف فنية.

A visit to the art exhibition

6

Last month, I visited an art exhibition about Mahmoud Mokhtar.

الشهر الماضي، زرت معرض فني عن محمود مختار.

He was a very talented Egyptian artist.

هو كان فنان مصري موهوب.

His masterpiece was the " Nahdat Misr" statue . I preferred his paintings.

تحفته الفنية كانت تمثال نهضة مصر، وأنا فضلت رسوماته

We also saw the fantastic mural. There were his paintbrush and palette.

رأينا أيضاً الجدارية الرائعة، كان هناك فرشاته ولوحة الالوان

We had a nice time there.

قضينا وقتاً جميلاً هناك

A visit to the Grand Egyptian Museum

6

People visit the Grand Egyptian Museum to see treasures and artifacts from the past.

تزور الناس المتحف المصري الكبير ليروا الكنوز والآثار من الماضي.

At the museum, there are halls and galleries.

في المتحف، توجد قاعات ومعارض

They see famous artifacts like the mask of king Tutankhamun.

الناس ترى الآثار المشهورة مثل قناع الملك توت عنخ آمون

Students and tourists watch videos and join workshops to learn about our history.

يشاهد الطلاب والسياح فيديوهات وينضمون لورش عمل ليتعلموا عن تاريخنا.

After the visit, they enjoy food at the museum's garden cafe.

بعد الزيارة، يستمتعون بالطعام في كافيتريا حديقة المتحف

Art

6

Art is very important.
It can show the artist's feelings.

الفن مهم جداً، بإمكان الفن أن يظهر مشاعر الفنان

An artist should be creative.

ينبغي ان يكون الفنان مبدعاً

He uses his paintbrush and palette to
make wonderful paintings.

يستخدم الفنان فرشاة الرسم ولوحة الألوان ليصنع رسومات
رائعة

Art can be a painting, a mural or a
sculpture.

قد يكون الفن لوحة أو جدارية أو عمل منحوت

Each piece of art tells a story.

كل عمل فني يحكي قصة

An invention you want to create

6

I want to create a solar robot gadget.

اريد ان اخترع اداة إنسان آلي يدار بالطاقة الشمسية

First, I design a detailed blueprint.

اولاً، أصمم رسم هندسي مفصل

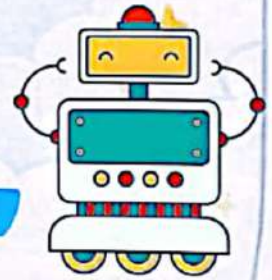

Then , I assemble the parts with special tools.

ثم أجمع الأجزاء باستخدام أدوات خاصة

When I put it in the sun, the wheels started to move.

عندما أضعه في الشمس، تبدأ العجلات في التحرك

It is my favorite invention.
I like inventing things.

انه اختراعي المفضل.
أحب اختراع الأشياء

The Egyptian loom

6

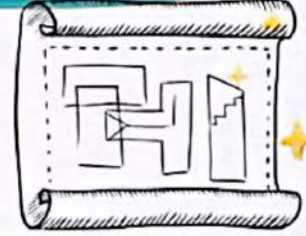

Thousands of years ago, there was a wonderful invention called the loom in ancient Egypt.

منذ الآلاف السنين، كان هناك اختراع رائع
يسمى نول النسيج في مصر القديمة

An engineer or a skilled worker drew the blueprint.

مهندس أو عامل ماهر رسم التخطيط الهندسي

It showed the size, shape and parts needed make the loom.

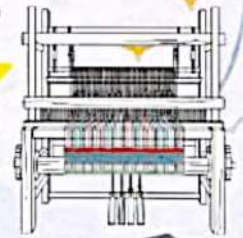

كان يبين الحجم والشكل والأجزاء المطلوبة لصناعة نول النسيج

Workers assembled the wooden parts to build the strong loom. The loom produced fabric by moving threads up and down.

جمع العمال الأجزاء الخشبية لصناعة نول نسيج قوي.
نول النسيج أنتج قماش بتحرك الخيوط لأعلى وأسفل

It was an amazing invention which inspires modern machines now.

كان اختراع مذهل وما زال يلهم الآلات الحديثة الآن.

The invention of the clock

6

Long ago, people used the sun and sand to tell the time .

منذ وقت طويل، استخدم الناس الشمس والرمل لمعرفة الوقت

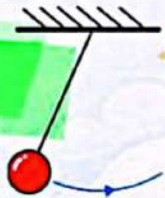

Inventors built the first clock that used gears and a pendulum.

صنع المخترعون أول ساعة تستخدم التروس و بندول الساعة

The pendulum which moved very slowly from side to side helped the clock keep time accurately.

البندول الذي تحرك ببطء من جانب إلى جانب، ساعد الساعة أن تقيس الوقت بدقة

Later, A clever engineer invented a clock that could measure every second.

فيما بعد، اخترع مهندس ماهر ساعة بإمكانها قياس كل ثانية

The clock became famous all over the world.

وأصبحت الساعة مشهورة في جميع أنحاء العالم

The Aswan Dam

6

The Aswan Dam is a huge structure in Southern Egypt.

سد أسوان هو بناء ضخم في جنوب أسوان

Engineers built it to stop the Nile from flooding and to generate powerful energy for homes and factories.

بناه المهندسون ليمنعوا النيل من الفيضان
ولكي يولدوا طاقة للبيوت والمصانع

It also keeps water for farmers. It protects villages which are near the Nile.

هو أيضاً يحفظ الماء للفلاحين، السد يحمي القرى القريبة من النيل

People benefit from the Aswan Dam.

يستفيد الناس من سد أسوان

The Aswan Dam is one of the great modern buildings that changed Egypt's future.

سد أسوان هو واحد من المباني العظيمة
التي غيرت مستقبل مصر

Tuna el-Gebel

صالح انجليري

1

Last Friday, I went on a trip to **Tuna el-Gebel** with my family.

2

We went by train from **Cairo to Minya**.

3

Then, we took a taxi to **Tuna el-Gebel**.

4

It is a mysterious burial site in the desert.

5

It's famous for its chambers and **hundreds of preserved mummies of birds**.

The place amazes visitors.

6

The corridors are filled with **Egyptian and Greek art**.

7

We had a nice time there.

The Temple of Dakka

حسرت انجيزي

1

Last Monday, I visited the Temple of Dakka with my family.

The Temple of Dakka is far from Egypt's busy cities.

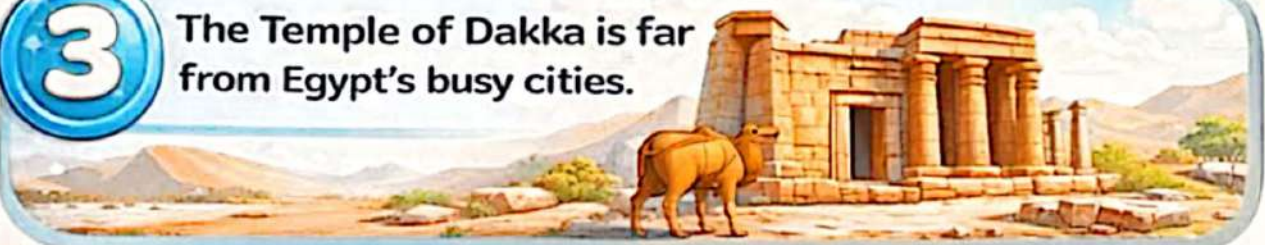

2

We went by car.

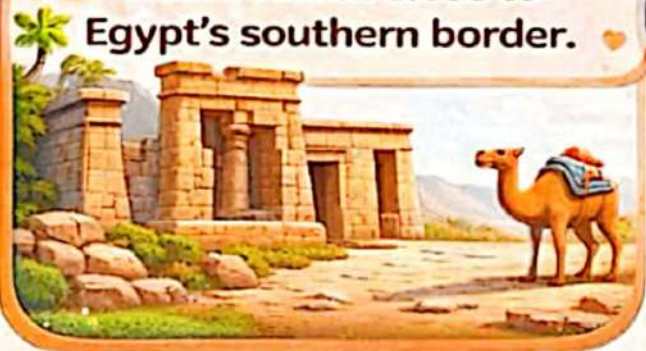

3

The Temple of Dakka is far from Egypt's busy cities.

It is in Nubia close to Egypt's southern border.

5

Ancient Egyptians designed temples for gods and kings.

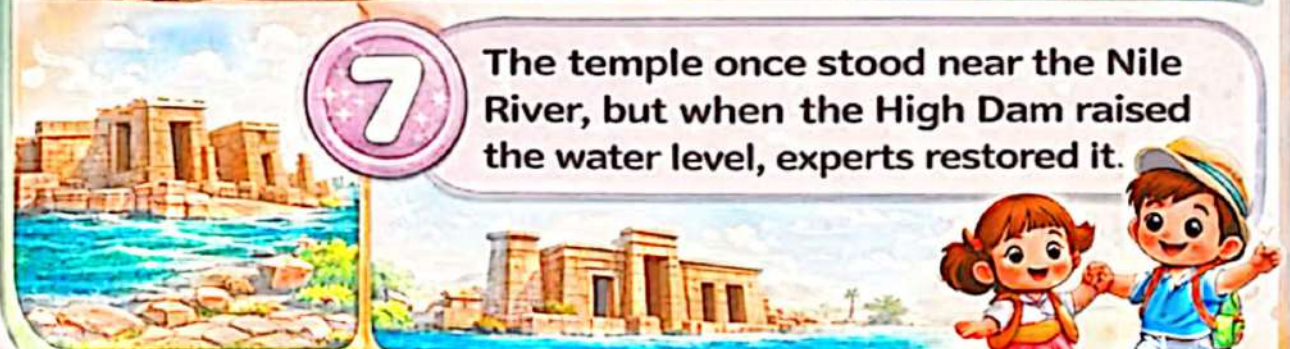

4

The Roman and Greek emperors have walls and carvings because they respected Egypt's traditions.

7

The temple once stood near the Nile River, but when the High Dam raised the water level, experts restored it.

Craftsmen in ancient Egypt

1

Craftsmen in ancient Egypt were very skilled.

2

They lived in a village called Deir el-Medina.

3

They carved on the walls. They were artists.

4

They drew patterns and made notes on pieces of pottery.

5

Their art is still alive today.

6

Their drawings help us understand the daily life in ancient Egypt.

Wadi El-Hitan

مستر الجيزي

1

Wadi El-Hitan is also called the valley of the kings.

2

It's deep in the Western Desert.

3

Millions of years ago, this area was covered by a big ocean.

4

Visitors and tourists can see hundreds of fossils of whales.

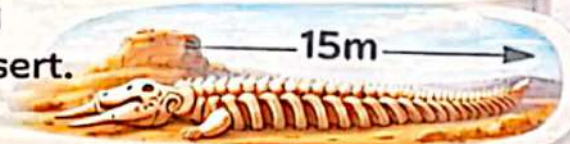

5

Some skeletons are more than 15 meters.

6

They can enjoy walking along the trails in the desert.

7

Wadi El-Hitan is now a world heritage site.

8

It tells a remarkable story about the scientific and historical importance of this site.

New Projects in Egypt

Mr. Mostafa Awad

1

Egypt has **improved** its **infrastructure** in recent years.

2

In the past, roads were **narrow** and **crowded**.

3

Transporting goods was **hard**.

4

Now, engineers are building new **highways**, **tunnels** and **bridges** to make **travel easier**.

5

The new **Administrative Capital** and new bridges show that Egypt wants to move towards **progress**.

6

Egypt has **determination** to reach progress.

7

The new projects in Egypt will help it **develop**.

مستر انجلیزی

The industry in Egypt

Mr. Mostafa Awad

1

Egypt is becoming one of the most industrial countries in Africa.

2

In the past, life was different. People depended on farming.

3

Transportation was slow.

Villages didn't have factories or machines.

5

Today, steel industry produces steel for roads and bridges.

6

Textile industry produces high-quality clothes.

7

Food industry produces foods like pasta, juice and snacks.

8

We are proud of our country.

New Alamein City

Grade 6 - Mr. Mostafa Awad

1

New Alamein City,
a modern coastal city
in Egypt.

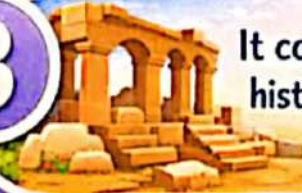

2

It lies on the northern coast.

3

It combines beauty,
history and modern life.

4

Visitors can enjoy
luxury hotels and wide roads.

5

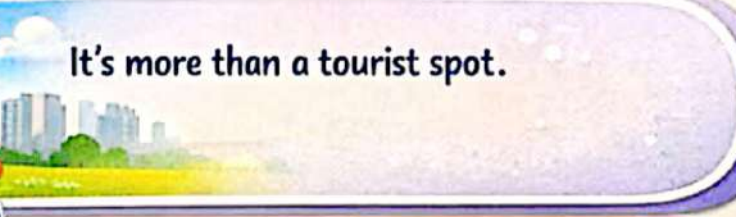

There are beautiful walkways,
green parks and shopping centers.

6

It's more than a tourist spot.

7

It's a home for many Egyptians.

Timeline of the Cairo Metro

مستشارنا لذكركم

By. Mr. Mostafa Awad

1 Giza metro is now cleaner and faster.

2 There are smart doors that open and close automatically.

3 Inside the train, there are big digital screens to show the next stop and time.

4 The new trains use LED lights to help the environment.

5 Inside the station, passengers can pay by card or cash at ticket machines.

6 There are elevators and escalators for easy access.

The monorail

By . Mr. Mostafa Awad

1

Egypt is changing the way people travel.

2

The monorail is a train that runs on a single track above the ground.

3

At the monorail station, passengers will find ticket machines, elevators, escalators and digital screens.

4

They must follow the rules.

5

They mustn't block smart doors.

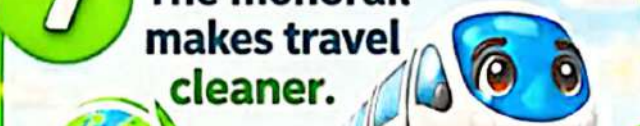

6

They can pay by card or phone.

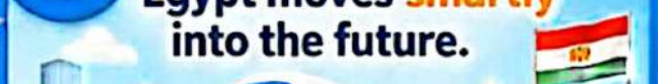

7

The monorail makes travel cleaner.

8

With the monorail, Egypt moves smartly into the future.

The Eco-friendly transportation

By. Mr. Mostafa Awad

1

In the future, people will travel in cleaner and smarter ways.

2

Today, we are using more eco-friendly vehicles.

3

They use less fuel and make less noise.

4

This reduces pollution.

5

Some transportation uses renewable energy.

6

This energy never runs out..

9

If we work together, we will make our planet a cleaner place.

The Future of Egypt

By. Mr. Mostafa Awad

1

I imagine transportation will be **smarter**, cleaner and faster.

2

There will be more underground electric trains that will connect cities in minutes.

3

Transportation will use renewable energy.

4

There will be less pollution.

5

Stations will have digital signs in both Arabic and English.

6

People will pay for tickets using smart cards.

Safe and smart transportation

By. Mr. Mostafa Awad.

1

Egypt will have safe and smart transportation.

2

There will be more electric buses.

3

These buses will be eco-friendly because they will make less pollution and less noise.

4

Self-driving cars will be safer.

5

They will stop at red lights.

6

They will slow down for people on foot.

7

Transportation in the future will use renewable energy.

8
