3- Read the comprehension then answer:

Millions of people are attacked by a secret enemy, which causes more harm and greater suffering than any other disease. Its name is "worry". According to doctors, worry can actually cause organic disease. And even when it does not, it can eat up our energy in many ways, ruin our health, and make life miserable. Worry is a very dangerous enemy. The stress and strain of life may make us worry about silly, trifling things. Worry affects nearly everybody in society, from teenagers to elderly people. Students worry about their exams. Parents worry about their children. Young men and women worry about their future lives.

Needless to say, worry is the result of thinking in the wrong way. It is a fact that thinking over worries brings about more worries. We must face life as it is, boldly and bravely. The problems a worrier faces are the same that others face. To overcome worry, cultivate different interests, develop contact with a large number of people, and spend your leisure time on a useful hobby. When feeling worried, retire to a quiet corner and relax.

Choose the correct answers :
