24. Why don't nomadic people live in one place?
25. Actors have special costumes for the play.

5. Reading

Check each response against the reading passage. Accept equivalent correct wording.

6. Writing — Model answers

A description for your home:

We moved into a new apartment last month. I'm happy because I have a new room. My new room is large, light and more comfortable. I share it with my brother, Hassan. We are always good friends. We have a long desk for PCs so we can do our homework in our bedroom. When we finish our homework, we can play computer games in our room. We watch cartoons with our friends, too.

Caring for your cat:

Give your cat lots of attention so it feels safe. You should move your hand over its back, or under its chin. Cats love this! They like a warm, comfortable bed. Don't wake it up because cats need to sleep for about 15 hours every day! They like small meals at different times in the day. If you look after your cat well, you'll have a new furry friend in your life!

School trips:

School trips are very interesting and useful for all students. We go to different places to learn new things outside the classroom. Last month, we visited a historical site and learned a lot about history. School trips also help us make good memories with our friends and teachers.

School trip for the Grand Egyptian Museum:

Last week, we went on an amazing school trip to the Grand Egyptian Museum. We saw a lot of wonderful statues and old mummies. We learned a lot about our great history and ancient pharaohs. My friends and I enjoyed the visit very much and took many nice photos there.

A creative project competition:

Our school organized a creative project competition last month. We used different recycled materials to design and decorate a special model for our classroom. It was an exciting experience, and our project won a great prize for being creative and useful.

Subject: Caring for your turtle

Dear Rana,
Your turtle needs a large, clean space and suitable soil. Keep its home warm and give it healthy food. Make sure it has clean water every day.
Best wishes,
Samar
